FAQ on Industrial CAAQMS Portal Connectivity

1. **What is Industrial CAAQMS Portal?**
   Industrial CAAQMS Portal has been developed by CPCB to capture online ambient air quality data from the CAAQM stations installed and operated by industries. The link to the Portal is : https://airquality.cpcb.gov.in/industrial

2. **Does CPCB charge any amount for establishing Industrial CAAQMS connectivity?**
   No. CPCB does not charge any amount for Industrial CAAQMS connectivity with CPCB's portal for transferring the data.

3. **What is the procedure to establish connectivity with Industrial CAAQMS Portal?**

Step 1	**Self Registration:** Industries can self register on Industrial CAAQMS Portal by filling basic details. The link to register on the Portal is: https://airquality.cpcb.gov.in/industrial
Step 2	**Generation of Login Credentials:** Once the industry self-registers on the portal, the basic details are checked by CPCB and if they are correct, login credentials are automatically sent to industry through email. In case the industry does not receive email credentials, kindly send a mail to caaqms.cpcb@gov.in
Step 3	**Adding the Station:** Once industry receive login credentials, they can log in to the portal and add stations by filling relevant details. In case there are multiple stations in single industrial premise, industry can add details of all the stations on this page.
Step 4	**Review of Station Details:** Once the industry submits the station details, these details are reviewed by concerned Division of CPCB. If the details are correct, industry will be automatically informed through email.
Step 5	**Integration:** The integration will be done by taking remote access ((using AnyDesk/TeamViewer)) of the computer system located in industrial premise, which is connected to Industrial CAAQMS station. This computer system should have the data file in the specified folder in the specified format. The details are available at: https://airquality.cpcb.gov.in/industrial/assets/images/Protocol_CAAQM.pdf

	In case the stations are not integrated, kindly send a mail to iaqms.support.cpcb@gov.in
Step 5	Data Display: Once the integration is done, industry will be able to see their data on the Industrial CAAQMS Portal.

4. **Is there any specific service provider authorized by CPCB for establishing Industrial CAAQMS Connectivity?**
   CPCB does not authorize any service provider. CPCB's team will assist industry in establishing connectivity, for which industry has to follow the protocol given CPCB's portal https://airquality.cpcb.gov.in/industrial/assets/images/Protocol_CAAQM.pdf to generate data files on their computer systems. CPCB's application will pick-up this data file for transferring to CPCB's portal.
5. **Whether industry can connect directly with CPCB's Industrial CAAQMS without any service provider?**
   Yes, there is no need of any third party service provider. Industry can directly connect with CPCB Industrial CAAQMS Portal on their own. They can self-register on the Industrial CAAQMS Portal and ensure that data files generated on their computer system are as per Industrial CAAQMS Protocol available at below link:
   https://airquality.cpcb.gov.in/industrial/assets/images/Protocol_CAAQM.pdf

6. **What to do in case login credentials are not received?**
   Login credentials are generally mailed automatically within 2-3 days of registration, once the basic details are checked. In case login credentials are not received by industry, they may use the 'forgot password' link at https://airquality.cpcb.gov.in/industrial to generate new login credentials. In case industry does not receive the credentials even then, they may send a mail to caaqms.cpcb@gov.in and iaqms.support.cpcb@gov.in

7. **Where can an industry view its Industrial CAAQMS data?**
   Industry can view its Industrial CAAQMS data at https://airquality.cpcb.gov.in/industrial .

8. **How can an industry reset its password?**
   Password can be self-reset by the industry by using the 'forgot password' link at https://airquality.cpcb.gov.in/industrial

9. **Is there any helpdesk for the industry in case of any issue?**
   In case of any difficulty, industry may contact caaqms.cpcb@gov.in and iaqms.support.cpcb@gov.in
